

Nature in Your Neighborhood

Let's discover, investigate, and reflect on the world around us!

name _____

class _____

date _____

teacher _____

1 Introduction: Think about your favorite things to do outdoors. Write or draw them below:

2 Observation: There are lots of "nature spaces" in Berea. The Pinnacles, Brushy Fork, Memorial Park, Anglin Falls, and many more. List a few nature spaces you observe as you watch the intro video:

3 Reflection: Think about your "nature space." Draw or describe it below:

4 Up Next: Read the article **Field Guide to Trees** (<https://kids.nationalgeographic.com/explore/books/field-guide-trees/>)
Take note of new facts or questions about trees as you read:

5 Preparation: Before next week you should...

- Observe changes in your nature space
- Discover one observation or question you have about trees
- Discuss the importance of trees in nature with your family
