## MARCH 2024 FRIENDS OF THE FOREST NEWSLETTER

### THE JOY OF SPRING'S BIRDS AND BLOOMS

The equinox on March 19th ushers in the season of spring! Longer and warmer days reawaken wildflowers and welcome migrating birds home.

The first birds to arrive back in Kentucky are the woodcocks and waterfowl. As elusive as the ephemeral flowers, there are some species that are only seen in Kentucky as they pass through headed for more northern regions.

There are many spring ephemerals--flowers that only bloom for a short time--to see here at the Pinnacles. The West Barton and Walnut Trails boast populations of flowers such as trout lily, Dutchman's breeches, toadshade, and rue anemone. **Join us for a wildflower walk Saturday, March 27th at Anglin Falls at 5:00pm!**

Red breasted merganser

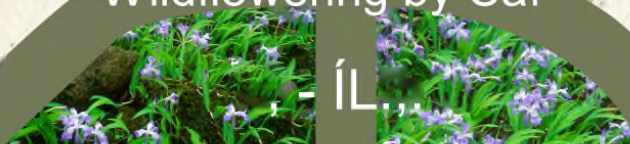

Eastern phoebe

**Come birdwatching with us!** Join the **Berea College Ornithology Club** on **March 30th, from 8:45 to 11:30 am**, in the lower Pinnacles forest. Bring your binoculars (some will be available) and cameras! Let's spot and listen to as many bird species as we can, welcoming them back from migration.

*You never know what you might see!*

### Wildflowering by Car

Ann Longworth, dedicated FOC volunteer and wildflower enthusiast, will be sharing her knowledge on **how to find wildflower species** from the comfort of your car! Ann has been searching for and recording wildflower sightings for decades and wants to share her passion. Learn more at the Berea Branch of the Madison County Public Library, March 23rd at 10:00am!

# STAR PARTIES\*

with Jeff Hutton & Diego Colorado--- stargazing is weather permitting

Eclipse Presentation & Stargazing  
March 1st and 22nd, 7:00 pm

» Learn about eclipses to gear up for  
**April 8th, the last coast-to-coast  
solar eclipse until 2045!** Stargazing  
through telescopes to follow,  
weather permitting.

Eclipse Extravaganza with the  
Madison County Public Library

March 15th, 7:00 pm

\* An eclipse presentation  
followed by stargazing. Enjoy  
» \*snacks along with a virtual  
reality experience thanks to  
MCPL!

Safe Solar Viewer Workshop  
March 30th, 2:00 pm \*

Learn how to build a sun  
projector to safely view the sun!  
The first 14 families will receive a  
free DIY kit! \* \* \*

## NATURE R&R

**Nature Relaxation and Restoration** is a slow-paced, restorative forest experience. Please bring a portable chair or something to sit on the ground. We hope you join us!e

*\*weather dependent, those who RSVP will be notified of cancellations ;*

- **March 20th, 5:15-7:15pm**  
**at Brushy Fork, directions**
